COUNTY GOVERNMENT OF VIHIGA

COUNTY TREASURY

ANNUAL BUDGET IMPLEMENTATION REVIEW REPORT

F/Y 2024-2025

FOREWORD

The Annual Budget Implementation Report for the period 2024/25 is a series of such reports

prepared by the County Treasury in assessment of the implementation of the Budget. The Report

has been prepared pursuant to the Kenya Constitution Article 183, and Section 166 of the Public

Finance Management Act 2012 that requires an Accounting Officer to prepare and submit timely

quarterly reports, which shall be published and shared with the Controller of Budget, The National

Treasury and the Commission of Revenue Allocation.

The Report further provides the fiscal information, expenditure and revenue during the period

under review, critical in determining the costs, effectiveness and efficiencies of

programmes/objectives/activities. The non-financial information provides basis of assessment of

progress towards predetermined service delivery or performance targets. In addition, the report

highlights the key challenges encountered by the departments during budget implementation and

suggested measures to address the challenges.

The report is a product of analysis of financial and non-financial performance submitted to the

County Treasury, financial reports generated from the Integrated Financial Management

Information System (IFMIS) and financial information analyzed from financial receipts from

National Treasury. The information on implementation of the budget is presented on aggregate

and on individual department.

Successful budget implementation depends on a number of factors within and outside of

government including public participation and effective monitoring, evaluation and reporting.

Accordingly, it is my desire that this report will play a major role in subsequent policy formulation

and implementation to the County Stakeholders including; the County Departments, the County

Assembly, fiscal analysts and the general public.

This is the Annual Budget Implementation Report prepared by the County Treasury during the f/y 2024/25. The report provides a comprehensive review of the county's financial performance as at June 30, 2025. The report assesses the budget implementation performance across all departments for the FY 2024-2025, based on various financial and non-financial reports submitted to the County Treasury and data from the Integrated Financial Management Information System (IFMIS).

During the period ending 30th June of the FY 2024-2025, Vihiga County had received a total revenue of KES 6.67 billion. This revenue comprised KES 5.74 billion from equitable share allocations, KES 340.00 million from own-source revenue, and 1.03 billion from additional allocations from Government and Development Partners.

Own-source revenue collection amounted to KES 398 million, with F.I.F (KES 206.44 million), Single Business Permits (KES 50.72 million), and Bus Park fees (KES 32.52 million) emerging as the top revenue streams. The F.I.F funds were retained and utilized at source by health facilities in accordance with the FIF Act of 2023.

The county's approved first supplementary budget for FY 2024-2025 amounted to KES 7.11 billion, with 80.7% expected from equitable share (KES 5.74 billion), 14.5% from conditional grants (KES 1.03 billion), and 4.8% from own-source revenue (KES 340 million). Total expenditure for the reporting period amounted to KES 5.58 billion, representing 92.9 % of funds released by the Controller of Budget. This expenditure was distributed between development programs (KES 4.27 billion) and recurrent expenditures (KES 1.31 billion).

The county's spending on compensation to employees amounted to KES 3.09 billion, constituting 43.00 % of the total revenue. Operations and maintenance expenditure totaled KES 1.19 billion,

As of June 30, 2024, the county reported pending bills totaling KES 1.38 billion. During the reporting period, the County Executive settled KES 544.46 million of these bills

The county allocated KES 597.85 million (6.44% of the total budget) to County-Established Funds and KES 13.5 million (0.19% of the total budget) to the Emergency Fund. The county did not borrow any funds from financial institutions during this period

CHAPTER TWO: REVENUE PERFORMANCE

2.0 Introduction

This chapter outlines revenue performance in the FY 2024/25. The chapter further highlights Own Source Revenue Collections presenting their achievements and variances.

2.1 Revenue Performance

In the review period, the County expected to receive KES6.67 billion in revenues to fund its development and recurrent activities. The total revenue consisted of KES5.74 billion as equitable share of revenue raised nationally, KES340.00 million from own source of revenue and KES 1.03 billion from additional allocations from government and development partners.

The total OSR collection for the period under review was KES 398.00 million. This included KES 186.47 million as Appropriations in Aid (AIA)/Facilities Improvement Financing (FIF) and KES211.53 million from other OSR sources. OSR collections from the FIF were received from Vihiga County Referral Hospital, Emuhaya Sub County Hospital, Hamisi Sub County Hospital, Emusire Sub County Hospital and Sabatia Sub County Hospital, where FIF is collected. Table below summarizes the total revenue available to the County Government during the FY 2024/25.

CHAPTER THREE: EXCHEQUER ISSUES AND EXPENDITURE PERFORMANCE DURING THE THIRD QUARTER F/Y 2024/25.

3.0 Introduction

This chapter outlines exchequer issues and expenditure performance during up to the F/y 2024/25. The chapter further presents Expenditure by Economic Classifications.

3.1 Exchequer Issues

During the period under review, the Controller of Budget approved withdrawals of KES.5.58 billion from the CRF account. This comprised KES1.31 billion (23.30 per cent) for development programmes and KES4.27 billion (76.7 per cent) for recurrent programmes. Analysis of the recurrent exchequers released indicates that KES3.09 billion was released towards compensation of employees and KES1.19 billion for operations and maintenance expenditure.

Sub-programmes with the highest levels of implementation based on absorption rates were: Value Chain Development, Farm Input Subsidy and Food Security Initiatives in the Department of Agriculture at 100 per cent.

3.6 Accounts Operated Commercial Banks

Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorization from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorizing an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government did not operate accounts with commercial banks.

CHAPTER FOUR: CONCLUSIONS

4.0 Introduction

This chapter highlights key challenges and possible recourse in the County's budget implementation.

4.1 Key Challenges

The following issues and constraints were noted in the course of budget implementation;

- i. Failure by some Fund Administrators to submit quarterly financial and non-financial reports to the COB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. For example, the reports for the Emergency Fund, Car loan and mortgage Fund (Executive) and Car loan and Mortgage (County Assembly) Fund were not submitted to the Controller of Budget as of 15th April 2025 as required.
- ii. Increasing accumulation of pending bills. Besides, non-compliance by departments to PPADA 2015 in making commitments and disregard to the approved payment plan while settling the pending bills.
- iii. Use of manual payroll. Personnel for top up allowances for security and wages for Community Health Workers were processed through manual payroll. Manual payroll is prone to abuse and may lead to the loss of public funds where proper controls are lacking.

4.2 Key Recommendations

The County should implement the following recommendations to improve budget execution:

- *i.* The CECM Finance and Economic Planning should follow-up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.
- *ii.* The County Leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the PPADA 2015, procurement plans and the payment plan should be enforced.
- *iii.* The Government requires that salaries be processed through the HRIS system. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Further, strict compliance with the approved staff establishment should be maintained.
