## **2. Key Entity Information And Management**

### **a) Background information**

The County is constituted as per the Constitution of Kenya is headed by the County Governor, who is responsible for the general policy and strategic direction of the County.

This is the 11<sup>th</sup> Annual Report and Financial Statement to be prepared by the County Government of Vihiga since 2013 when the implementation of devolved form of government came to place. The overall goal of the report is to evaluate the extent to which the goals of the public expenditure management contained in the ADP 2023/24 were realized against the budget.

The preparation of the report generally involves the review and analysis of county departments' expenditure performance against priorities and also provides background on Statements of Receipts and Payments, Statements of Assets and Liabilities, Statements of Cash flows; Statement of County own generated Revenue and Statement of Appropriations Recurrent and Development combined.

The County Executive is comprised of the following departments:

<b>No.</b>	<b>Department</b>	<b>Major Responsibility</b>
1	Finance and Economic Planning	Management of County Treasury and Planning
2	Agriculture and Livestock and Fisheries	Overseeing County Agriculture, animal husbandry and Fish farming
3	Education and Technical Vocational Training	Management of County education programs
4	Health Services	Provision of health services to citizen
5	Transport and Infrastructure	Management and maintenance of County Infrastructures
6	Environment, Water, Natural Resources and Climate Change	Management of Climate change and natural resources
7	Commerce Tourism and Cooperatives	Promotion of market places and trading
8	Physical Planning, Lands, Housing and Urban Development	Promotion of county housing and urban development
9	Public Service and Administration	County administrative matters and public relations
10	Office of the Governor	Governance and politics
11	County Public Service Board	Employment, Promotion and disciplinary of staff
12	Gender, Culture, Youth, Sports and Social Services	Promotion of gender-based programs and sporting
13	Office of the County Attorney	Legal services to County Government

**b) Key Management team**

The County Executive's day-to-day management is under the following key organs:

1. Office of the Governor
2. Office of the Deputy Governor
3. Office of the County Secretary and Head of Public Service
4. The County Executive Committee Members
5. The County Chief Officers
6. Office of the County Attorney.

**d) Fiduciary Oversight Arrangements**

Section 73(5) of the Public Financial Management Act 2012 provides that each accounting officer of a department must, and each governing body shall establish an audit committee for the entity.

Appointment and composition of members of the Audit Committee for the County Executive and the County Assembly is as outlined below;

**County Assembly**

1. The County Assembly shall competitively source for 3 members of the Audit Committee from suitably qualified persons one of whom shall be the chair.
2. The Audit Committee shall report to the County Assembly through the County Assembly Clerk.
3. The County Speaker shall nominate one senior officer to sit in the Audit Committee

**County Executive**

1. The County Executive shall competitively source for 4 members of the Audit Committee from suitably qualified persons one of whom shall be the chair.
2. The County Governor shall nominate one senior officer to sit in the Audit Committee
3. The Audit Committee shall report to the Governor

**N/B: The Audit Committees of both the County Executive and County Assembly of Vihiga County Government are in place and functional**

Audit Committee roles and responsibility shall be set out in its charter. Roles and responsibility shall include among others;

- Obtain assurance from management that all financial and non-financial internal control and risk management functions are operating effectively and reliably
- Provide an independent review of an entity reporting functions to ensure the integrity of financial reports
- Monitor the effectiveness of the entity's performance management and performance information
- Provide strong and effective oversight of an internal audit function
- Provide effective liaison and facilitate communication between management and external auditors
- Provide oversight of the implementation of the accepted audit recommendations
- Ensure the entity effectively monitor compliance with regulations, and regulatory requirements and promotes a culture of commitment to lawful and ethical behaviour.

a) Compliance and Safeguards against unethical conduct and corruption.

To ensure audit compliance and safeguards against unethical conduct and corruption, the County Government of Vihiga has instituted criteria that will be reliable, complete, objective, understandable, comparable acceptable and availability. Accordingly, the following audit measures are in place;

**County Government of Vihiga

#### 4. Foreword by the CECM Finance and Economic Planning

This is the Annual Report and Financial Statements for the year ending 30<sup>th</sup> June 2024. The Annual Report and Financial Statement is prepared in fulfilment of Article 228(6) of the constitution of Kenya. Its primary objective is to provide an analysis of the budget implementation in the financial year 2023/24. Accordingly, the report analyses the County Government performance for the period under review, with specific focus on expected versus achieved revenue targets, expenditure analysis, statements of assets and liabilities and statement of cash flows.

The reporting framework for the Annual Report & Financial Statement is based on the operational and reporting guidelines developed by The Nation Treasury and State Department of Planning. As a standard procedural practise, every end of the financial year all National Government Departments and Agencies including County Government are required to prepare and submit to the National Treasury the Annual Report and Financial Statements.

In 2023/24 the County Government undertook several investments in infrastructure development that include; enhanced accountability and transparency using ICT platform, establishment of ethics and anti-corruption committees, deepening public participation and civic engagement and establishment of advisory committees such as the County Audit Committee, County Budget and Economic Forum and the County Environmental Committee. Other achievement was sustained investment on critical infrastructure development that has significantly accelerated economic development. Among the infrastructure development realized were expansion of safe water infrastructure and sanitation services, internet connectivity and expansion of access roads.

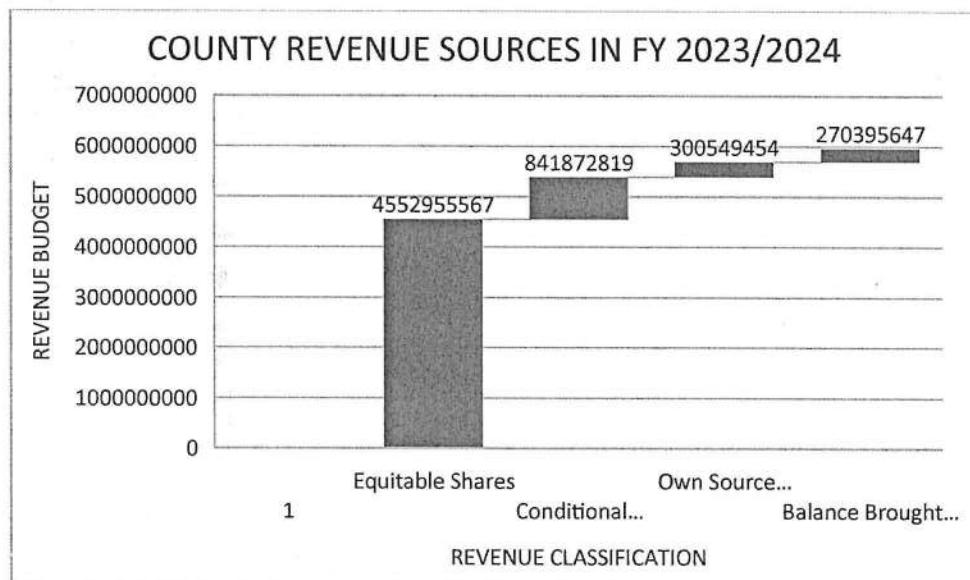

In addition, the county government expanded access to social services such as education infrastructure, provision of learning materials and teaching aids and employment of more ECDE and TVET on permanent and pensionable terms. Moreover, in line with the Bottom-Up Economic Transformation Agenda (BETA) the health sector has continued to strengthen health care delivery systems by; promoting primary health care, enhancing health systems capacity, scaling up health data systems and Universal Health Coverage, improving health infrastructure, strengthening health referral systems and community health services.

Finally, it is noteworthy that agriculture remains the back-bone of the county's economy and source of employment. During the period under review the county government put emphasis on selected value-chains African Leafy Vegetables (ALVs), dairy, poultry, Tea, and Banana. Other interventions were enhancing access to subsidized farm inputs, increasing market access, transforming land use and enhanced soil testing, promotion of agribusiness with a focus on youth and women, promotion of agroforestry and fruit tree farming, promotion of indigenous food crops, increased agricultural extension services, promote small holder irrigation as well as implementing Climate Smart Agriculture (CSA).

The County Government will have continued to deepen reform initiatives on public financial management, reduction in recurrent expenditure as well as automation of own source revenue collection and ensuring prudent financial management.

**Financing of the County Governments**

In FY 2023/24, the aggregated approved budget for the County Government of Vihiga (Executive) was Kshs 5,965,773,487 and comprised of Kshs.3,881,265,198(65.10%) for recurrent expenditure and kshs 2,084,508,289 (34.90%) for development programmes. It is worth noting that the allocation for development expenditure conformed to section 107(2)(b) of the PFM Act 2012 which requires that over the medium term a minimum of thirty percent (30%) of the budget be allocated to development expenditure. To finance the approved budget the County Executive of Vihiga was expected to receive an allocation that comprised of Kshs 4,552,955,567 being equitable share of revenue raised nationally, Kshs 841,872,819 conditional allocation from the national government and development partners, Kshs. 300,549,454 from own source revenue and Kshs 270,395,647 from unspent cash balances from the FY 2022/23. During the year, the County Executive received Kshs. 4,963,541,189 from the CRF. The transfer comprised of Kshs 4,522,667,883 equitable share, Kshs 440,873,306 conditional grants.

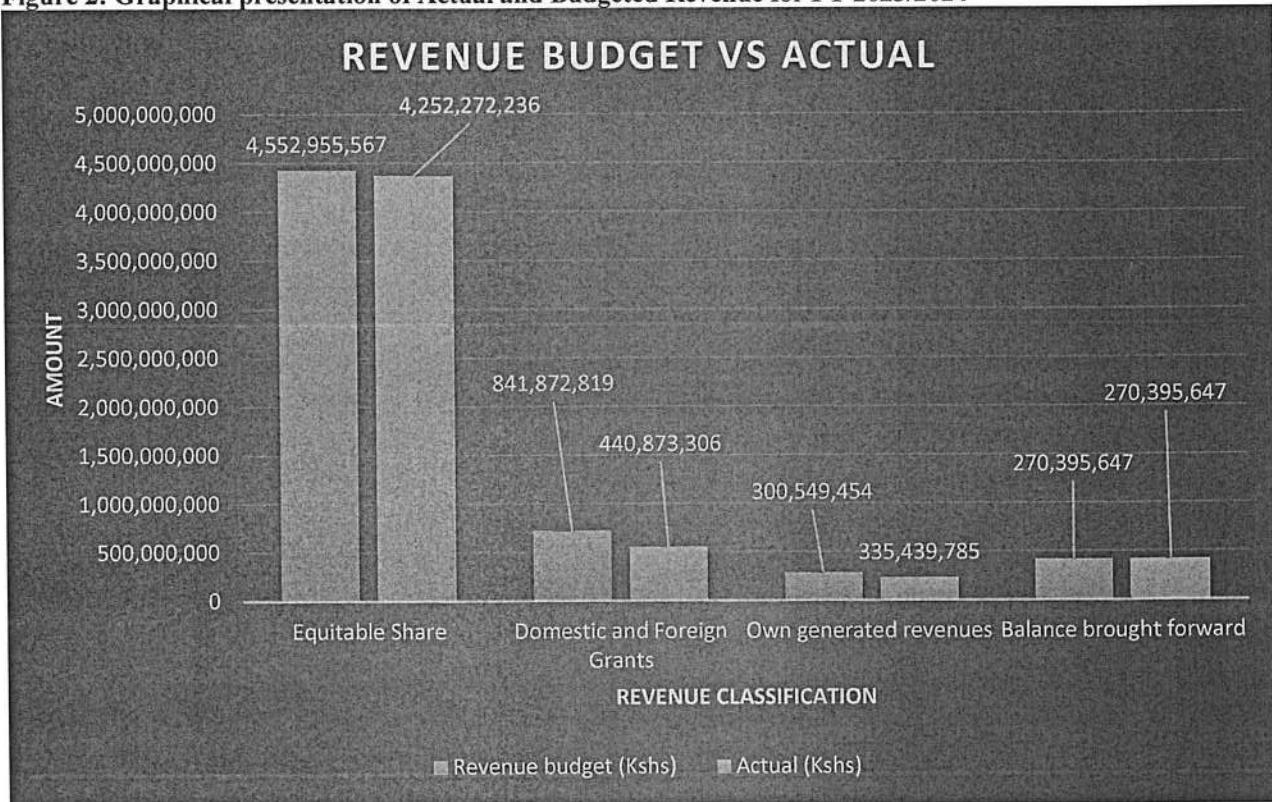

**Figure 1: Vihiga County revenue sources in FY 2023/24**

**County Government of Vihiga  
Vihiga County Executive  
Annual Report and Financial Statements for the year ended June 30 2024**

**Table 1: Revenue performance in FY 2023/2024**

Revenue classification	Revenue budget (Kshs)	Actual (Kshs)	Realization (%)
Equitable Share	4,552,955,567	4,252,272,236	93%
Domestic and Foreign Grants	841,872,819	440,873,306	52%
Own generated revenues	300,549,454	335,439,785	112%
Balance brought forward	270,395,647	270,395,647	100%
<b>Total</b>	<b>5,965,773,487</b>	<b>5,298,980,974</b>	<b>89%</b>

**Figure 2: Graphical presentation of Actual and Budgeted Revenue for FY 2023/2024**

**b) Expenditure**

During the Financial year 2023/2024, the County total expenditure amounted to Kshs. 4,797,492,560. This represents an absorption rate of 80% of our budget. Kshs. 906,291,193 was spent on development expenditure while Kshs. 3,891,201,367 was spent on recurrent expenditure.

**c) Cash flows**

In the FY 2023/2024, the County Executive experienced cash flow problems as the funds were not received on time from the National Treasury and failure to received disbursement for the month of June 2024. However, the Management tried to ensure the people of Vihiga County get value for their money despite the challenges in funds disbursement.

The cash and cash equivalents increased from Kshs 247,949,705 as at 30<sup>th</sup> June 2023 to Kshs. 452,796,028 as at 30<sup>th</sup> June 2024. This was as a result of the management receiving funds for two months towards the end of the financial year, which made it difficult for the management to absorb all funds as was expected.

#### **Accounts receivable**

Accounts receivables decreased from Kshs 19,071,698 to Kshs 16,638,638. This is as a result of prudent management of imprests advanced to staff which led to overall decrease in Accounts receivables. Strong measures and controls will continue to be put in place to ensure that there are minimal staff advances. Staffs are encouraged to surrender imprests on time and ensure that the PFMA, 2012 provisions relating to management of impress are adhered to at all times.

#### **d) Pending bills**

Pending bills continue to pose a challenge to operations and service delivery to citizens of Vihiga. However, management is striving to ensure that all pending bills forms first charge on FY 2024/2025. The County Treasury is in the process of preparing a detailed payment plan for pending bills which will be shared with the National Treasury and the Office of the Controller of Budget. The delayed disbursement of funds by the National Treasury continues to pose a challenge to payment of suppliers and contractors on time. The County Executive pending bills as 30<sup>th</sup> June 2024 were Kshs 1,509,939,844. Detailed schedules for all pending bills have been annexed to this report.

#### **e) Fixed assets**

Vihiga County has made major investments in fixed assets since 2013. Additionally, the County inherited some assets from the defunct municipal council and county councils. Nonetheless, there is a challenge in recognition of assets inherited from defunct local authorities as they have not been officially handed over to the County Government.

The County has taken steps to invest in asset management software which is currently being used in recording and management of fixed assets. This will ensure that County assets are effectively managed and accurately recorded.

#### **f) Risk Management Strategies**

Like any other organization, the County Government faces different perils that affect achievement of goals and objectives. These perils may include financial risks, operational risks and legal risks. The County Government has put in place various mechanisms to manage such risks. These mechanisms include;

- i. Enhancement of the independence of internal Audit directorate

Internal audit is a directorate that is embedded in the County Executive and is headed by Director internal audit. The County has mitigated it by recruiting competent and qualified

staff to the directorate. The director internal audit reports to the Audit committee which subsequently reports to the Governor to enhance independence

ii. Strengthening Examination Unit

The examination unit falls under the County treasury docket. This unit is mandated with duty of ensuring that all payments are in compliance with relevant laws and regulations before they are processed in IFMIS

iii. Establishment of Project Implementation Committees

The county executive has created the project implementation committee whose mandate is to monitor and evaluate County projects and determine value for money before initiating payment process.

iv. Establishment of Service Delivery Unit (SDU)

The Service Delivery Unit is established under the Office of the Governor with its main role being to ensure all budgeted projects are fully initiated and executed.

### **Conclusion and Recommendations**

Analysis of budget performance by departments indicates marked progress in absorption compared to the previous years. The County Government has made progress in addressing some of the challenges previously identified in budget performance. Some of the progress made include;

- i) Improvement in human resource capacity through continuous training and equipping with requisite operation equipment and technologies
- ii) Enhanced performance management that included performance contracting and strengthening monitoring & evaluation and reporting
- iii) Strengthened internal control systems including periodic audit reviews by the County Audit Committee.

The County Government seeks to deepen the following measures on budget execution and public financial management to ensure the residents of Vihiga realize the desired services;

- i) The County Treasury shall formulate strategies to enhance own source revenue collection
- ii) The County Treasury shall ensure timely preparation and submission of policy documents, plans and financial reports in line with Section 166(4) of the PFM Act 2012
- iii) The County Government shall continue to strengthen oversight committees such as the Audit Committee and CBEF to enhance transparency and accountability in the management of public resource

Finally, I sincere appreciate and acknowledge all the county agencies and staff who worked diligently in reviewing content at every stage of production of this report. It is my sincere hope and expectation that the National Treasury, County Departments and all other stakeholders shall use the findings and information in this report to both gauge the performance of the county and make necessary recommendations.

CECM-FINANCE AND ECONOMIC PLANNING

## 5. Statement of Performance against County Predetermined Objectives

### Introduction

This report is in line with Section 164 (2) (f) of the Public Finance Management Act, 2012 that requires that each County Government entity in line with the standards and formats prescribed by the Public Sector Accounting Standards Board prepare a financial statement and report for the entity.

### Strategic Objectives

The Vihiga County CIDP 2023-2027 identified the ten (10) key strategic development objectives to be pursued during the plan period. These objectives were identified through a participatory process that reviewed the development priorities of the Governor manifesto, Vision 2030, SDGs and MTP IV. The strategic objectives were synthesised product of the aforementioned planning frameworks that amalgamated the thematic focus and development aspirations in the CIDP. The key development objectives of the 2023-2027 Vihiga CIDP are to:

- i) Scale up of good governance and accountability systems.
- ii) Create employment opportunities for youth & women through entrepreneurship in agribusiness, technology innovation and talent development.
- iii) Promote an educated, skilled and well-informed society.
- iv) Strengthen primary health care systems towards the achievement of Universal Health Coverage.
- v) Provide reliable transport and communication infrastructure network, and expansion of ICT platforms.
- vi) Deepen green growth strategies, sustaining environmental conservation & climate change adaptation and use of renewable energy.
- vii) Enhance county unity and public participation in development planning and decision-making processes.
- viii) Promote Climate-Smart Agriculture (CSA) with emphasis on agribusiness, irrigation and food security.
- ix) Scale up the provision of clean and safe water and improved sanitation services.
- x) Promote of trade and enterprise development with emphasis on MSMEs

In addition, the plan also provides the expected resource requirements and resource mobilization framework the County Government will undertake to finance it. Finally, a detailed Monitoring and Evaluation and Reporting have been proposed with distinctive targets and key indicators.

### Key Achievements on the Strategic Objectives

Below is the progress made in attaining the objectives of the CIDP 2023-2027 for Vihiga County. The general performance of key sectors was a mix of underperformance and improvement against set goals as summarised below;

### **Good Governance and Accountability**

Good governance is a critical in attaining equity and sustainable development in a stable environment. During the period under review, the County Government embarked on several measures to strengthen public sector management. These included; reforms in performance management processes, enhancement of public participation and monitoring and evaluation, and reporting and establishment of Ward Development Coordination Committees to steer development planning and implementation at ward levels.

### **Infrastructure and productive sector**

Infrastructure development is an important enabler in facilitating economic development and the desired prosperity in the county in order to eliminate poverty as per SDG goal 1. The SDG goal 1 envisions elimination of poverty in all its forms everywhere, thus the need for robust infrastructural developments. In this regard, the County government undertook several infrastructural development projects that include; expansion and rehabilitation of road network, water supply schemes, construction of market infrastructure such sheds and sanitary facilities; beautification of Majengo, Chavakali and Mudete urban centres under Kenya Urban Support Programme (KUSP)

### **Education Sector**

The Kenya Vision 2030 and SDG goal 4, whose main mission is to ensure inclusive, equitable and quality education and promote lifelong learning to all. The key goals of Kenya vision 2030 and SDG goal 4 identifies education as the key enabler for attainment of better social and economic development for a sustainable future. To date, the County government has continued to deliver quality Early Childhood Development and Education services (ECDE) in order to promote and provide a good basis for elementary education. This has been through construction and equipping of ECDE classrooms and increased staffing by employment of 814 ECDE teachers. In addition, the County Government has continued to enhance the provision of vocation and technical skills by expanding vocation and technical training infrastructure across the county.

### **Gender, Sports and Culture**

An action on one gender affects the other sectors; this is according to SDG 5 which furthers that gender equality is a necessary pillar for peace, prosperity and sustainability of the world. In the spirit of promoting gender equality, the County government has implemented several programmes that include; enhanced bursaries and scholarships programmes; gender mainstreaming in governance and distribution of opportunities; promotion of health insurance coverage; The County government also seeks to promote sports and culture. In this regard, it has undertaken to improve funding of the county sports teams. However, the County faces challenges of sporting infrastructure through the stalled stadia.

### **Health Services**

The Kenya Vision 2030 and SDG 3 advocate for healthy lives and wellbeing. The SDG 3 further encompasses promotion of well-being and ensuring of healthy lives for all at all ages. In consideration of this, the county government has continued to provide quality and affordable health care services despite the challenges posed with the emergence of COVID-19 pandemic. Notably,

the County Government is the construction and commissioning of new health facilities across the county; employment of more health workers that included nurses and doctors; completing the construction of a modern funeral home at Vihiga County Referral hospital. The construction of Hamisi hospital theatre block and 90 Bed Capacity ward at Emuhaya Hospital and sustained supplies of health commodities. The County Government also strengthened community health linkages by establishing more community health units and employment of Community Health Volunteers to improve to promote health education and enhance access to quality healthcare at community level.

### **Agriculture**

Agriculture remains the major driver of the county economy and source of livelihood, contributing 34% of the County Gross Product (CGP) and 85% of employment. Thus, the County Government has continued to execute various programs that include promotion of crop and livestock production and productivity, and promotion of aquaculture.

### **Environment**

The environment provides life to the ecosystem and biodiversity which in turn promotes increased productivity. This necessitates environmental conservation and protection. The County Government has ramped up efforts to conserve the environment through re-afforestation and protection of wetlands.

### **Progress on Attainment of Development Objectives from Annual Development Plan for FY 2023/24**

For purposes of implementing and cascading the above development objectives to specific sectors, all the development objectives were made specific, measurable, achievable, realistic and time-bound (SMART) and converted into development outcomes. Specific indicators were identified for reasons of tracking progress and performance measurement: Below we provide the progress on attaining the stated objectives:

#### **1. AGRICULTURE, LIVESTOCK AND FISHERIES**

Objective	Outcome	Indicator	Performance
To improve livestock production and Veterinary services	Improved livestock production and productivity	Number of poultry farmers supplied with improved poultry chicks	In fy 2023/24 the county increased supply of local improved chicks by 4,000
		No of farmers groups benefitted through improved breeds: in calf - Heifers	In fy 2023/24 the county increased the number of farmer groups benefiting from improved breed to 18
		No. livestock vaccinated	The number of livestock vaccinated during the period under review was 182,908

Objective	Outcome	Indicator	Performance
		Number of animals inseminated	The number of livestock inseminated during the period under review was 8139
To increase crop production for enhanced security and livelihoods	Improved production crop and productivity	Agricultural Training & innovation Centre (ATC) at Musinaka constructed	In FY 2023/24 the county government commenced establishment of the ATC by fencing and construction of the abolition block
		Traditional crops- African indigenous , vegetables promoted farmers supported	8000 farmers were supported through training and provision of seedlings
		No of value chain actors supported	During the period under review 4200 cow milk, banana and indigenous chicken value chains actors were supported
		No of groups and producer organization supported	During the period under review 840 Dairy , local chicken, banana, ALVs value chains promoted
		Number of agricultural value addition infrastructure constructed	Sabatia banana processing unit, Sabatia hay shed, Hamisi Banana Aggregation and Marketing Centre
		Number of irrigation scheme	Wemilabi irrigation scheme completed
		No of Agricultural based SACCOs supported	20 Agricultural saccos were supported

## 2. HEALTH SERVICES

Objective	Outcome	Indicator	Performance
To reduce disease incidences for a healthy society	Enhanced health quality and access	Number of health facilities constructed	Hospital plaza, Givigoi and Jebrongo construction ongoing
		No of sub-county hospitals upgraded	Emusire Health Centre upgraded to level 4
		No. of incinerators/burning chambers	Additional modern incinerator were installed at VCRH and Emuhaya SCH
		No of health facilities automated	OPD services at county referral hospital were automated
		Universal Health insurance rolled out	During the period 4000 more households were enrolled to NHIF
		No. of Health personnel recruited	6 more critical health workers were recruited

**County Government of Vihiga  
Vihiga County Executive  
Annual Report and Financial Statements for the year ended June 30 2024**

**3. EDUCATION**

Objective	Outcome	Indicator	Performance
To improve access to quality ECDE and vocational training education	Improved access to quality ECDE and vocational training	No of new ECDE classrooms constructed	In FY 2023/24 34 ECDE centres were completed
		No. of equipped workshops	In the same period 11 VTC workshops were equipped
		No of scholarship Beneficiaries	In FY 2023/24 160 poor and needy students were enrolled on the programme.

**4. Commerce, Tourism and Cooperatives**

Objective	Outcome	Indicator	Performance
To create a conducive environment for trade and investment	Improved conducive environment for trade and investment	No. of Boda Boda Sheds constructed	In FY 2023/24 17 new bodaboda sheds were constructed
		No. of markets upgraded	Upgrading of Luanda market was undertaken
		No. of High Mast Installed	In FY 2023/24 installation of 9 high mast flood lights was completed
		No. of Modern stalls	During the period under review 9 Metal stalls were Completed

**5. TRANSPORT AND INFRASTRUCTURE**

Objective	Outcome	Indicator	Performance
To improve road infrastructure and Development	Increased County and regional road Connectivity and safety	No. of Kms of roads maintained and rehabilitated	In FY 2023/24 170.5 KM of roads were opened, maintained and rehabilitated
		No. of bridges/river crossings/ footbridge constructed	8no river crossings were constructed during the period under review.

**6. PHYSICAL PLANNING, LANDS AND HOUSING PROGRAMME PERFORMANCE**

Objective	Outcome	Indicator	Performance
To enhance effective land use and administration	Enhanced land use and administration	Acreage of land parcels acquired	In FY 2023/24 3.4 acres were acquired under land banking programme
		No of valuation roll	One valuation roll was prepared and currently at the county assmebly

Objective	Outcome	Indicator	Performance
To promote an integrated housing, urban and physical planning management system	Enhanced integrated housing, urban and physical planning management	No of County Spatial Plan	Preparation of County spatial plan commenced
		Governor and deputy governor residence	Construction of Governor and deputy governor residences were completed.

## 7. YOUTH, GENDER, SPORTS, CULTURE AND SOCIAL SERVICES

Objective	Outcome	Indicator	Performance
To enhance Youth and Gender Empowerment and Mainstreaming for Sustainable Development in the County	Empowered Youth, Children, Women and People with DISABILITIES	No. of rescue centers	In FY 2023/24 Equipping and construction of dining hall and kitchen was undertaken
		No. of Youths trained	In the same period 3000 youths were trained and equipped with various skills
		No. of Youth Extravaganza	One Youth extravagance was held to scout for talents create opportunity for networkworking
		No. of PWDs sensitized	65 PWDs were trained on wealth creation and were empowered with cereals
		No. of CBOs, SHGs, youth and women groups formed and trained	In FY 2023/24 300 groups were trained and empowered
To promote cultural heritage and sporting activities	Improved culture and excellence in sports Performance	No. of cultural centers constructed	In the period under review Bunyore cultural centre was completed while Terik cultural centre was ongoing
		No. of cultural events held	Bunyore, Maragoli, Terik and Tiriki cultural festivals were held
		No. of playgrounds leveled and upgraded	Mumboha and Makuchi play grounds completed
		No. of sports teams supported	13 sports teams competing in different leagues were funded under the Vihiga Sport fund

## 8. Environment, Water, Energy, Natural Resources and Climate Change

Objective	Outcome	Indicator	Performance
	Increased number of HHs with clean and safe	KMs of pipe laid	In FY 2023/24 21KM of pipes were laid across

**County Government of Vihiga**

**Vihiga County Executive**

**Annual Report and Financial Statements for the year ended June 30 2024**

Objective	Outcome	Indicator	Performance
To Increase access to portable water and improve sanitation	water and improved sanitation		the country for water distribution
		No of boreholes	In the same period 5 boreholes were drilled and capped
		No of meters acquired and installed	Under Amatsi water company 1751 water meters were procured and installed
		No of sanitary facilities constructed/rehabilitated	Constructed 90 unit of latrines in public schools in collaboration with development partner - The Water Project (TWP)
To effectively conserve and manage environmental resources	Improved environmental resources conservation and protection	Number of waste holding skips procured	In the period under review 12no waste holding skips were installed in various markets across the county
		No. of wetlands protected	6no wetlands were protected
		No. of Riparian lands protected	6no riparian lands were protected
		No. of water catchment areas protected	4no water catchment areas were protected
To effectively conserve and manage forestry and natural resources	Enhanced forest and natural resource management	Acreage of Maragoli Hills Re-afforested and protected	75 acres of the area was re-afforested
		KMs of Kibiri Forest Fenced.	1.2km of forest was fenced
		Number of schools greened	267 of schools benefitted from the greening programme
		Number of community forests protected	In the same period 5no community forests were protected
To Coordinate Climate Action in Vihiga County towards attainment of low-carbon, climate resilient development	Citizens resilience and adaptation to climate change enhanced	Climate Change resilience projects implemented	Igogwa, wandwati, Ipali/Mmakhondo, Givole, Mudungu & Reforestation of 60 acres of Maragoli Hills

## 6. Environmental and Sustainability Reporting

### Corporate Social Responsibility

The county government has improved partnerships and collaborations with the private sector and corporate organizations in the provision of several services. Examples include; Equity Bank, Cooperative Bank, KCB Bank and, Safaricom which help in providing scholarships to bright and needy students.

Vihiga County Executive has been sponsoring teams as a contribution to the Corporate Social Responsibility engagement in the County. The executive has established a Vihiga County Sports Fund for the purpose of enhancing sports talent in the County. In the Financial year 2023/2024, the fund was allocated Kshs 5,000,000 for its activities. The sporting activities help nurture talent among the youths and reduce cases of them engaging in anti-social activities like crime and drug and substance abuse. Vihiga Queens Football Club (VQFC) participates in the Kenya Women's Premier League and has become a power house in Women Football in the East and Central Africa. Currently Vihiga queens are the CECAFA women football champions.

### Sustainability Strategy and Profile

Macro-economic stability is one of the foundations of the CIDP. Key programs taken up to attain the desired macroeconomic stability include; Infrastructure advancement, Proper governance and accountability, Improved access to quality education and skills training, Restore the agricultural interventions towards food security, Delivery of safe and clean water and Environmental conservation and provision of quality and affordable healthcare by developing functional and sustainable health infrastructure.

### Environmental Performance

A clean, secure environment is a significant aid for sustainable advancement. Strategies undertaken towards environmental management and conservation include; Afforestation and re-afforestation programs, protection of wetlands, improved waste management and establishment and consolidation of the County Climate Change Governance structures and links across all levels.

### Public Sector Reforms

The county government purposes to build a public service that focuses on issues affecting the citizens, and is result oriented. The government has continued to intensify efforts to result in attitude change in public service that values transparency and accountability to the citizens. The County government has come up with a Human Resource Information Management System (HRIMS) which makes it easier to access human resource information and decisions on planning and management. Other reforms include; constant implementation of performance Contracting (PCs), strengthening of result-based M&E and establishment of a Service Delivery Unit (SDU).

### Community Engagement

Civic Education and Public Participation is important in Public Sector management. The County government has established the institutional and legal framework to guide civic education and

public participation activities in the County. The Constitution of Kenya, PFM Act 2012 gives credence on effective involvement of the public in decision making especially in planning, budgeting and implementation of programmes.

## **7. Statement of Management Responsibilities**

Section 164 of the Public Finance Management Act, 2012 requires that, at the end of each financial year, the County Treasury shall prepare financial statements of each County Government entity in accordance with the standards and formats prescribed by the Public Sector Accounting Standards Board.

The County Executive Committee (CEC) member for Finance and Economic planning of the County Government is responsible for the preparation and presentation of the County Executive's financial statements, which give a true and fair view of the state of affairs of the County Executive for and as at the end of the financial year ended on June 30, 2024. This responsibility includes: (i) Maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period; (ii) Maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the county Executive; (iii) Designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud; (iv) Safeguarding the assets of the county Executive; (v) Selecting and applying appropriate accounting policies; and (iv) Making accounting estimates that are reasonable in the circumstances.

The CEC member for finance accepts responsibility for the County Executive's financial statements, which have been prepared on the Cash Basis Method of Financial Reporting, using appropriate accounting policies in accordance with International Public Sector Accounting Standards (IPSAS). The CEC member for finance is of the opinion that the County Executive's financial statements give a true and fair view of the state of the County Executive's transactions during the financial year ended June 30, 2024, and of its financial position as at that date.

The CEC member for finance further confirms the completeness of the accounting records maintained for the County Executive which have been relied upon in the preparation of its financial statements as well as the adequacy of the systems of internal financial control.

**County Government of Vihiga  
Vihiga County Executive  
Annual Report and Financial Statements for the year ended June 30 2024**

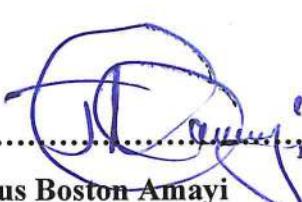

---

The CEC member for finance confirms that the County Executive has complied fully with applicable Government Regulations and the terms of external financing covenants (where applicable), and that the County Executive's funds received during the year under audit were used for the eligible purposes for which they were intended and were properly accounted for.

Further the CEC member for finance confirms that the County Executive's financial statements have been prepared in a form that complies with relevant accounting standards prescribed by the Public Sector Accounting Standards Board of Kenya.

**Approval of the financial statements**

The County Executive's financial statements were approved and signed by the CEC member for finance on **12<sup>th</sup> November, 2024**.

## **REPORT OF THE AUDITOR-GENERAL ON COUNTY EXECUTIVE OF VIHIGA FOR THE YEAR ENDED 30 JUNE, 2024**

### **PREAMBLE**

I draw your attention to the contents of my report which is in three parts:

- A. Report on Financial Statements that considers whether the financial statements are fairly presented in accordance with the applicable financial reporting framework, accounting standards and the relevant laws and regulations that have a direct effect on the financial statements;
- B. Report on Lawfulness and Effectiveness in the Use of Public Resources which considers compliance with applicable laws, regulations, policies, gazette notices, circulars, guidelines and manuals and whether public resources are applied in a prudent, efficient, economic, transparent and accountable manner to ensure the Government achieves value for money and that such funds are applied for the intended purpose; and,
- C. Report on Effectiveness of Internal Controls, Risk Management and Governance which considers how the entity has instituted checks and balances to guide internal operations. This responds to the effectiveness of the governance structure, risk management environment and internal controls, developed and implemented by those charged with governance for orderly, efficient and effective operations of the entity.

A Qualified Opinion is issued when the Auditor-General concludes that, except for material misstatements noted, the financial statements are fairly presented in accordance with the applicable financial reporting framework. The Report on Financial Statements should be read together with the Report on Lawfulness and Effectiveness in the Use of Public Resources, and the Report on Effectiveness of Internal Controls, Risk Management and Governance.

The three parts of the report are aimed at addressing the statutory roles and responsibilities of the Auditor-General as provided by Article 229 of the Constitution, the Public Finance Management Act, 2012, and the Public Audit Act, 2015. The three parts of the report when read together constitute the report of the Auditor-General.

### **REPORT ON THE FINANCIAL STATEMENTS**

#### **Qualified Opinion**

I have audited the accompanying financial statements of County Executive of Vihiga set out on pages 1 to 35, which comprise of the statement of assets and liabilities as at

30 June, 2024 and the statement of receipts and payments, statement of cash flows and statement of comparison of budget and actual amounts for the year then ended and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, except for the effect of the matters described in the Basis for Qualified Opinion section of my report, the financial statements present fairly, in all material respects, the financial position of County Executive of Vihiga as at 30 June, 2024 and of its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Cash Basis) and comply with the County Government Act, 2012 and the Public Finance Management Act, 2012.

### **Basis for Qualified Opinion**

#### **1. Non-Disclosure of Commission Earned from Payroll Services Rendered**

The statement of receipts and payments reflects total receipts of Kshs.4,963,541,189. Review of payroll records maintained by the County Executive revealed that service charge/commission amounting to Kshs.4,298,552 was charged for processing payroll deductions for third party institutions but the commission earned was not disclosed in the financial statements as income to the County.

In the circumstances, the accuracy and completeness of the total receipts amount of Kshs.4,963,541,189 could not be confirmed.

### **2. IFMIS Data Analysis**

Analysis of Integrated Financial Management Information System (IFMIS) transactions revealed some inconsistencies with the information in the financial statements as detailed below:

#### **2.1. Transactions in System Payments but not Processed in Payment Details**

Analysis of the payment reports processed against the payments made revealed that 516 transactions with a total value of Kshs.314,645,241 were paid but not captured in payment details. Although Management explained that the payment details were as a result of surrender of imprests by individual staff, direct transfer of funds to departments and donor funded projects payments where payments are made via physical cheques, the payments had not been incorporated into the financial statements amounts.

In the circumstances, the accuracy and completeness of the financial statements for the financial year ended 30 June, 2024 could not be confirmed.

#### **2.2. Transfer to Other Government Agencies**

The statement of receipts and payments reflects an amount of Kshs.328,795,971 relating to other grants and payments as indicated in Note 5 to the financial statements. Analysis of payment details in IFMIS indicates that, the amount of Kshs.308,760,541 transferred to other entities, differs with the executive's ledger amount of Kshs.370,958,471 resulting

into an unreconciled difference of Kshs.62,197,930. Reconciliation between the two set of records was not done.

In the circumstances, the completeness and accuracy of other grants and payments could not be confirmed.

### **3. Long Accounts Receivables-Outstanding Imprests**

The statement of assets and liabilities reflects accounts receivables – outstanding imprests of Kshs.16,638,638 as disclosed in Note 9 to the financial statements. Review of the ledgers revealed the following unsatisfactory matters:

#### **3.1. Amount Due from the County Assembly**

Note 9 indicates transfers due from County Assembly of Kshs.14,000,000. Review of records revealed that the County Executive transferred Kshs.38,000,000 to the County Assembly on 25 February, 2021 and Kshs.6,000,000 on 23 November, 2021 totalling to Kshs.44,000,000 being funds paid from deposit and retention account to bridge a shortfall on county assembly's car loan and mortgage account. However, only Kshs.30,000,000 had been refunded as at 30 June, 2024 leaving a balance of Kshs.14,000,000.

In the circumstances, the recoverability of the amount advanced to the County Assembly amounting to Kshs.14,000,000 could not be confirmed.

#### **3.2. Outstanding Salary Advances**

Note 9 to the financial statements includes salary advances of Kshs.1,950,338, out of which Kshs.1,775,438 was advanced in the year 2015 and 2017 to 10 members among which four (4) are former staff of the County Executive, one (1) is a current member of staff, one (1) is a former but deceased member of staff, three (3) are current sitting MCAs since they were re-elected while one (1) is a former MCA. No much effort has been made to recover the amounts which are still outstanding with no movement in the current year.

In the circumstances, the recoverability of the accounts receivables – outstanding imprests amounting to Kshs.16,638,638 could not be confirmed.

The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). I am independent of the County Executive of Vihiga Management in accordance with ISSAI 130 on the Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

#### **Emphasis of Matter**

##### **1. Budgetary Control and Performance**

The summary statement of comparison of budget and actual amounts (recurrent and development combined) reflects final revenue budget and actual on comparable basis of

Kshs.5,965,773,487 and Kshs.4,963,541,189 respectively resulting into underfunding of Kshs.1,002,232,298 or 17% of the budget.

In the circumstances, the under-funding affected the planned activities and may have impacted negatively on service delivery to the residents of Vihiga County.

## **2. Pending Bills**

Annex 2 reflects pending bills of Kshs.1,509,939,483 an increase of Kshs.43,415,589 from the prior year balance of Kshs.1,466,523,894. Failure to settle bills during the year in which they relate to distorts the financial statements and adversely affects the budgetary provisions to the subsequent year as they form a first charge.

My opinion is not modified in respect of these matters.

## **Key Audit Matters**

Key audit matters are those matters that, in my professional judgement, are of most significance in the audit of the financial statements. Except for the matters described in the Basis for Qualified Opinion section, I have determined that there are no other key audit matters to communicate in my report.

### **Other Matter**

#### **1. Unresolved Prior year Matters**

In the audit report of the previous year, several issues were raised under the Report on Financial Statements and Report on Lawfulness and Effectiveness in Use of Public Resources. However, Management had not resolved all the issues or given any explanation for failure to adhere to the provisions of the Public Sector Accounting Standards Board reporting template.

#### **2. Non-Achievement of Annual Development Plan and Budget Targets**

Analysis of the Annual Development Plan revealed that the County had proposed new projects valued at Kshs.1,323,000,000. However, projects valued at Kshs.749,049,758 were prioritised due to resource constraint with projects valued at Kshs.356,605,652 being completed and paid for during the year. Projects valued at Kshs.392,444,106 were however completed but not paid for. No plausible reason was provided for the failure to pay for the completed projects.

In the circumstances, the County Executive is behind schedule in its implementation of the Annual Development Plan.

#### **3. Late Exchequer Releases**

The statement of receipts and payments and as indicated in Note 1 to the financial statements, includes total Exchequer releases amount of Kshs.4,963,541,189 out of

which Kshs.2,000,446,283 or approximately 40% of the total of 4,963,541,189 was received in the last quarter.

In the circumstances, the County Government may not be able to meet its financial obligations in rendering the services to the public.

### **Other Information**

The Management is responsible for the Other Information set out on page iii to xxxiv which comprise of Key Entity Information and Management, Governance Statement, Foreword by the CECM Finance and Economic Planning, Statement of Performance Against County Predetermined Objectives, Environmental and Sustainability Reporting and Statement of Management Responsibilities. The Other Information does not include the financial statements and my audit report thereon.

In connection with my audit on the County Executive financial statements, my responsibility is to read the Other Information and in doing so, consider whether the Other Information is materially inconsistent with the financial statements or my knowledge obtained in the audit or otherwise appears to be materially misstated. If based on the work I have performed, I conclude that there is a material misstatement of this Other Information, I am required to report that fact. I have nothing to report in this regard.

## **REPORT ON LAWFULNESS AND EFFECTIVENESS IN THE USE OF PUBLIC RESOURCES**

### **Conclusion**

As required by Article 229(6) of the Constitution, based on the audit procedures performed, except for the effect of the matters described in the Basis for Conclusion on Lawfulness and Effectiveness in the Use of Public Resources section of my report, I confirm that nothing else has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

### **Basis for Conclusion**

#### **1. Irregularities in the Construction of a Modern Funeral Home**

The statement of receipts and payments and as indicated in Note 7 to the financial statements reflects acquisition of assets amount of Kshs.863,689,851. Included in the amount is Kshs.194,286,976 on the construction of buildings which further includes an amount of Kshs.9,646,688 towards construction of a modern funeral home at the Vihiga County Referral Hospital.

Review of the project file revealed that the contract was signed on 20 February, 2021 at a contract price of Kshs.96,593,784 for a contract duration of one year from receipt of the commencement order on part of the contractor. On 25 July, 2022, the contractor sought an extension of the project completion time which was granted on 30 August, 2022. The extension granted was for the period from 1 September, 2022 to 30 April, 2024. As at

the time of audit the contractor had been paid cumulative amount of Kshs.94,294,478 or 98% of the total contract sum.

The following unsatisfactory matters were however noted from review of the project file and physical inspection of the Project.

- i. The Project was yet to be handed over as at the time of audit, despite five months having lapsed from the revised completion date. Further, snags noted by the project implementation committee were yet to be addressed by the contractor.
- ii. Variations were noted between the specifications in the bills of quantities and actual implementation by the contractor with no documentation being provided for audit review to support the changes and confirm that the due process of variation had been followed as detailed below:
- iii. The roofing materials specified in the bills of quantities was "Decra stone coated steel tiles (916m<sup>2</sup>) at a cost of Kshs.3,750 per square metre totalling to Kshs.3,412,100. However, physical verification revealed that the contractor used orientile roofing sheets of gauge 28 not specified in the bills of quantity;
- iv. The bills of quantities specification for the ceiling was to be acoustic comprising of Armstrong "minaboard" at a total cost of Kshs.1,530,000. However, physical verification revealed that gypsum ceiling was used instead; and
- v. The bills of quantities specification for WCs was , Duravit D-Code WC suites and the hand wash basins were to be fitted but a different brand, 'Sawa' ceramic were used.

In the circumstances, it was not possible to confirm whether the changes to in the bills of quantities were appropriately authorized while value for money has not been realized from the cumulative expenditure of Kshs.94,294,478 on modern funeral home at the Vihiga County Referral Hospital.

## **2. Delays in Completion of the Governor's and Deputy Governor's Residences**

Review of documents revealed that the County Executive paid out Kshs.42,974,171 towards the construction of the Governor's and the Deputy Governor's residences during the year under review. As noted in the previous audits, review of the project files revealed that despite the contractor having committed to complete the outstanding works by 27 March, 2024, the works remained incomplete as at the time of audit in November, 2024. There was no water or electricity connected to the residences. In addition, access roads had not been done. Further, review of the latest payment certificate No. 8 revealed that the contractor had been paid cumulative amount of Kshs.142,094,694 out of contract sum of Kshs.148,526,625.

In the circumstances, the value for money on the expenditure incurred on the project could not be confirmed.

### **3. Irregular Procurement of Motor Vehicle Insurance**

Review of records provided for audit revealed that the County Government paid an amount of Kshs.30,642,507 on insurance expenses. A contract between the County Government and an insurance company was signed on 23 June, 2023 for the provision of motor vehicle insurance at a contract price of Kshs.37,203,333 for three years payable in three annual instalments of Kshs.12,401,112. Review of the contract records relating to insurance revealed the following unsatisfactory matters:

- i. Review of the tender documents indicated that security of Kshs.280,000 from a reputable bank was a mandatory requirement under preliminary evaluation and would be a prerequisite to proceed to the technical evaluation stage. It was however observed that security document for the successful bidder was not attached to the tender document that was submitted for bidding;
- ii. At the time of audit, three months after year and, one of the contract period had elapsed. It was noted that the County Executive had not fully paid the vendor the annual instalment of Kshs.12,401,112. Only an amount of Kshs.6,146,800 had been paid as at the time of the audit. This is indicative that in the event of an accident the insurer might fail to honor their obligation for non-payment;
- iii. Clause 4 of the contract agreement states that, "The procuring entity hereby covenants to pay the tenderer in consideration of the provisions of the services and the remedying of defects therein, the contract price or such other sum as may become payable under the provisions of the contract at the times when funds are available from the date of execution/provision of the services and in the manner prescribed by the contract." This implies, that the insurer will be paid subject to availability of funds, which seems unfair on the insurer's side, but also implies that in case of peril, the County may not be compensated as expected.

In the circumstances, Management is in breach of Section 147 of the Public Procurement and Asset Disposal Act, 2015, which obligates both parties in a procurement contract to adhere strictly to the terms and conditions agreed upon, including the payment schedule.

### **4. Stalled Project of Construction of Eco-Toilet**

Review of the project file revealed that a contract was signed on 1 May, 2023 (labor-day), between the County Government and a construction company for the construction of an eco-toilet at Cheptulu market at a contract price of Kshs.3,262,337. The contract period was to run for one month, from 1 May to 1 June, 2023. On 6 September, 2023, the contractor was paid an amount Kshs.1,975,526 for works that had been certified through certificate No. 1 dated 20 June, 2023. Physical verification on 13 September, 2024, revealed that the project stalled and in concurrence with the technical report dated 20 June, 2023 the contractor was not on site. No explanations were given to the stalled Project, and there were no efforts being made by the County Executive to remedy the situation.

This was contrary to Section 153(1)(b) of Public Finance Management Act 2012 which require the accounting officer to manage its assets in such a way as to ensure that the county government entity achieves value for money in acquiring, using or disposing of those assets.

In the circumstances, Management is in breach of the law.

## **5. Irregularities in the Proposed Construction and Completion of Hospital Plaza**

As previously reported, the County Government entered into a contract with a building contractor towards the construction of a six storey 160 bed capacity plaza at the Vihiga County Referral Hospital on 14 October, 2015 for a contract sum of Kshs.250,000,000. The contract period was 24 months with an expected completion date of 18 October, 2017 which was later extended by 12 months to 16 October, 2018 on request by the contractor. Examination of records provided revealed that the contract period had elapsed and the contract was terminated on 16 April, 2020.

As at November, 2022 the contractor had been paid a total of Kshs.187,287,023 while the Project had stalled when the building was approximately 78% complete.

Information available indicate that the County Government invited a tender for the completion of the hospital and a new contract was entered into with another company at a new contract sum of Kshs.395,172,567, which was more than the original contract by Kshs.145,172,567.

Review of records available as at time of audit in November 2024 revealed the following anomalies:

- i. Despite the contract completion period having elapsed in June 2024, it was noted that the contractor still has several outstanding works as reported in the work progress report by the County inspection team dated 31 January, 2024 and the same was verified during audit inspection on 16 September 2024. Some of the outstanding works include; (a) Epoxy floor finishes in some areas (b) Acoustic ceiling in some parts (c) Incomplete electrical fittings (d) Mechanical fittings (e) Lift installations ((f) Generator installations (g) external works (h) some internal works. At the time of audit inspection, no work was on going. The temporary stoppage was attributed to delayed payment to the contractor.
- ii. Based on County Inspection team's site meeting minutes dated 31 January, 2023, it was noted that some additional works as listed below were adopted this was after an integrity test had been done on the building and were to act as remedial measures resulting into variation in costs. This included; (a) Increasing the slab thickness by 50 mm (b) Review partitions (c) Retrofitting bases, columns, slabs and beams for structural integrity- increasing column bases sizes and (d) Omissions of the final floor in the design-five instead of six floors. The above additions were however not quantified in monetary terms. Thus, it was not possible to tell if the cost of Kshs.395,172,568 on the second phase was fairly arrived at.

iii. At the end of the financial year 2022-2023, it was noted that the contractor had been paid approximately a total amount of Kshs.56,647,231 as reported in payment certificate number 3 out of the contract sum of Kshs.395,172,568 leaving a balance of Kshs.338,525,337. In the year under review 2023-2024, it was noted that an amount of Kshs.98,886,040 was budgeted towards the project. Meaning that it would have not been possible for the contractor to have delivered the project within the projected timeline.

In the circumstances, the delay in project completion and failure to quantify and specify the cost implication of additional works before award of the contract to the second contractor was irregular.

## **6. Irregularity in Procurement of Non-Perishable Foodstuffs**

The statement of receipts and payments and as indicated in Note 3 to the financial statements reflects use of goods and services of Kshs.788,304,840 out of which Kshs.108,718,626 relates to purchase of specialized materials and supplies. Included in the amount is supply of non-perishable foodstuffs was awarded to a company at a cost of Kshs.2,033,107. Review of the supplier's file revealed that the Tender Evaluation Committee, professional opinion, notification of award, and notification of unsuccessful bids were all completed on the same day, 13 July, 2023. However, the Local Purchase Order (LPO) was issued on 17 July, 2023, less than four days later. This issuance is in violation of procurement laws, which require a 14-day period to elapse after the notification of award, allowing unsuccessful bidders time to file complaints and have any disputes resolved before proceeding.

In the circumstances, Management was in breach of the procurement law.

## **7. Own Generated Revenue Automation**

### **7.1. Cost-Benefit Analysis of the Revenue Automation System**

The statement of receipts and payments and as indicated in Note 7 to the financial statements reflects acquisition of assets of Kshs.863,689,851 out of which Kshs.36,447,420 was incurred in the purchase of specialized plant, equipment and machinery. Included in the purchase of specialized plant, property, and equipment is the supply, delivery, installation, customization, and commissioning of a Revenue Collection and Management System, which was contracted at a cost of Kshs.58,777,600. Of this amount, Kshs.41,928,000 equivalent to 71% of the contract sum has been paid out to the vendor with current year payment totalling Kshs.22,428,000 and previous year Kshs.19,500,000. However, although the whole revenue system has not been automated, the incremental revenue has only been Kshs.8,618,829.

In the circumstances, it would appear that if the County does not take appropriate action to enhance revenue collection as a result of revenue automation and continues to pay 3% as service fee to the vendor, it might take several years for the County Government to recover the initial cost of investing in the System.

## 7.2. Pending Works by Vendor on Revenue Automation System

The audit revealed that 71% of the contract sum of Kshs.58,777,600 had been paid to the vendor for the following scope of work; system automation, collection of revenue based on finance act, system going live and operational, setup of payment platform, security and quality assurance, customized and real time reports, training of all system users, and providing support and maintenance of the system within the contract period with 99.5% availability. However, the audit revealed the following issues:

- i. Incomplete System Implementation - The revenue system is still under the control of the vendor and has not yet been handed over to the County Government. The vendor responsible for the supply, delivery, installation, customization, and commissioning of the Revenue Collection and Management System has yet to complete all the contracted tasks.
- ii. Integration and Customization Concerns - The revenue system has not been integrated with the county's existing systems, including the Hospital Management Information System, IFMIS, Human Resource Information System (HRIS), GIS, G-PAY.
- iii. High Cost - An annual maintenance fee of 3% of the revenue collected through the system is payable to the vendor. However, this fee is considered high, as it includes all revenue collected by the County and does not consider that the County was collecting revenue before automation. The County should have considered negotiating with the vendor to deduct the original revenue collected before the automation to arrive at the incremental revenue attributable to automation.
- iv. Data ownership and control - The revenue data is hosted by the vendor in the cloud.
- v. Lack of backup and recovery procedures - The server is new and has not been put into use because the firewall has not been installed.

In the circumstances, delay in implementing pending works could result to delay in completing the project deliverables as provided in the contract. In addition, the vendor could be earning services for services not yet delivered.

## 7.3. Unutilized Point of Sales (POS) Machines

The statement of receipts and payments and as indicated in Note 7 to the financial statements reflects acquisition of assets of Kshs.863,689,851 out of which Kshs.36,447,420 was utilized in acquisition of specialized plant, equipment and machinery, which included payment to a company amounting to Kshs.22,428,000. Included in the amount of Kshs.22,428,000 is an amount of Kshs.6,750,000 for the supply of 150 POS machines. Review of the records revealed that out of the 150 machines, 106 were distributed across five sub-counties and are in good working condition. However, the following were noted:

- i. Nine (9) machines were faulty and returned to the vendor for repair on 15 July, 2024, as the warranty period is still active.
- ii. Three (3) machines are under the custody of ICT support.
- iii. Three (3) machines with the vendor could not pick up network signals.
- iv. Twenty-nine (29) machines remain in store at the Revenue Headquarters.

In the circumstances, the underutilization of machines and the lack of action to repair faulty devices may lead to revenue collection inefficiencies, potential loss of public assets, and possible financial mismanagement. In addition, the amount incurred of Kshs.6,750,000 on the machines may not have been value for money.

## **8. High Pending Bills Related to External Advocates and Legal Costs**

Review of legal cases in the County revealed the following unsatisfactory matters:

- i. The list of pending bills revealed a significant amount of legal fees, showing an opening balance of Kshs.260,318,488 at the beginning of the year, additions of Kshs.1,740,000 during the year, legal fees settlements made during the year totalling Kshs.31,430,437, and a closing balance in the year of Kshs.230,628,051. Review of records revealed that the actual amounts demanded by external lawyers who represented the County Government in various court cases is Kshs.71,450,943. Out of these amounts the County has contested the claim of Kshs.58,000,000 as exaggerated by one of the firms who represented the County Government in seven cases but which the Office of the Court Attorney has taken. The County is negotiating with the advocate to scale down the amounts failing of which they shall seek the intervention of Court to tax the Bills. These claims relate to advocates engaged before the Office of the County Attorney was operationalized in the year 2020.
- ii. Out of the pending bills amount of Kshs.260,318,488, an amount of Kshs188,867,539 represents decree sums arising out of judgments entered against the County Government inclusive of costs and interest. Of this there is a huge amount of Kshs.106,000,000 which the Employment and Labour Relations Court in Kakamega decreed be paid as salary arrears to the health workers employed in the year 2019. The Office of the County Attorney is pursuing appeal against the judgment and decree at the Court of Appeal.
- iii. During the year, 13 new court cases were filed against the County related to the following issues; Un-procedural termination of contract, contractors claiming money for goods supplied but not paid, and land encroachment by the County Government. The Management agreed that imprudent decisions by the Management have largely contributed to increased litigations against The County Government but equally delay in disbursement of funds by the National Treasury leading to delayed settlement of pending Bills has contributed to some of the contractors resorting to court process.

In the circumstances, value for money for the legal expenses could not be confirmed.

## **9. Non-Compliance to Climate Change Regulations**

Review of compliance with the law on climate change as stipulated in Article 69(f) of the Constitution of Kenya on obligation in respect of the environment and Climate Change Amendment Act, 2023 among others revealed that the County Government of Vihiga has not fully implemented the laws, regulations and policies on climate change as detailed below:

- i. Although local climate regulations align with national standards, in some instances non-compliance were noted particularly in respect to Environmental Impact Assessments (EIAs) as some departments do not adhere to the requirements of EIA for the projects undertaken apart from the department of water and environment.
- ii. Currently the County is not reporting the Greenhouse Gas Emissions due to capacity limitations even though the County Climate Change Bill provides reporting on greenhouse emissions through the partnership with the National Directorate of climate change and development of an inventor as stipulated in the Long-Term Low Emissions Development Strategy 2022-2050.
- iii. It was noted that resources are appropriately allocated for climate change initiatives. Two per cent (2%) of the County development budget is allocated to climate change through the County Climate Change Fund and this amounted to Kshs.80 million in the financial year 2023/2024. The County has also accessed further climate financing from the Financing Locally Led Climate Action (Kshs.11 million for three years running from 2021/2022 for capacity building and Kshs.162.7 million in the year 2023/2024 for Climate Resilience Projects). However, delayed disbursement of the allocated funds from the County and the FLLoCA program hampers timely realization of intended benefits of the allocated climate finances.
- iv. It was noted that the departments in the County are aligning their operations with the Long-Term Low Emissions Development Strategy (LT-LEDS) 2022-2050 through:
  - (a) Adoption of the renewable energy(solar) in water supply .
  - (b) Adoption of Climate Smart Agriculture practices
  - (c) Adoption of Solar- street lighting.

However, low levels of awareness and budgetary constraints have historically hampered the alignment to Low Emissions Development Strategy.

- v. Stakeholders are engaged through various committees and forums, but there is no specific documentation on their contributions.

In the circumstances, the County Government has not fully complied with Climate Regulations, Law and Policies.

## **10. Irregular Payment to Council of Governors**

The statement of receipts and payments and as indicated in Note 3 to the financial statements reflects an amount of Kshs.788,304,840 under the use of goods and services,

which includes Kshs.132,845,191 relating to other operating expenses, of which Kshs.3,000,000 pertains to an irregular payment made to the Council of Governors. According to the Intergovernmental Act of 2022, the Council of Governors should be directly funded by the national government as provided under Section 37 of Intergovernmental Relations Act 2022, which provides that operational expenses in respect of the structures and institutions established in this Act shall be provided for in the annual estimates of the revenue and expenditure of the national government to cater for— (a) the Summit; (b) the Council of County Governors; (c) the Technical Committee, Secretariat and the sectoral working group established by the Technical Committee; and (d) the sectoral working groups established by the Council.

In the circumstances, the payment was in breach of the law.

## **11. Non-Compliance with the Persons with Disabilities Act, 2013**

Review of the payroll records revealed that only twenty-three (23) employees out of three thousand two hundred thirty-two (3,232) were categorized as persons with disabilities. This constitute 0.71% of the total employees which was below the recommended level of 5% under Section 13 of the Persons with Disabilities Act, 2013 which provides that the Council shall endeavor to secure the reservation of five 5% of all casual, emergency and contractual positions in employment in the public and private sectors for persons with disabilities.

In the circumstances, the County Executive was in breach of the law.

## **12. Regularity of Human Resource Management Practices**

During the year, the County Executive incurred a total of Kshs.2,458,936,788 on salaries and wages. However, there was no evidence to show that County Executive Committee Member with the approval of County Executive set a limit on the County Government's expenditure on salaries, wages and benefits for its public officers. This was contrary to Regulations 25(1) a of Public Finance Management Act (County Government) Regulations, 2015 which states that in addition to the fiscal responsibility principles set out in Section 107 of the Act, the following fiscal responsibility principles shall apply in the management of public finances; The County Executive Committee Member, with the approval of County Executive shall set a limit on the County Government expenditure on wages and benefits for its public officers pursuant to Section 107(2) of the Act.

In the circumstances, Management was in breach of the law.

The audit was conducted in accordance with ISSAI 3000 and ISSAI 4000. The standards require that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements comply in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

## REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

### Conclusion

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, except for the effect of the matters described in the Basis for Conclusion on Effectiveness of Internal Controls, Risk Management and Governance section of my report, I confirm that nothing else has come to my attention to cause me to believe that internal controls, risk management and governance were not effective.

### Basis for Conclusion

#### 1. Weak Controls over IFMIS Payments Module

Review of the IFMIS payment details report indicated that nine hundred and fifty-six (956) transactions with total value of Kshs.1,823,193,355 were paid in cash as per item description. However, verification of the individual transactions on a sample basis revealed that the amounts were charged to the appropriate vote despite the anomaly in the payment descriptions. Management attributed the weaknesses to the system which makes the transactions susceptible to manipulation.

In the circumstances, the risk of misrepresentation of transactions by giving inappropriate description is high.

#### 2. Weaknesses in Management of Drugs and Medical Supplies

The statement of receipts and payments reflects use of goods and services amounting to Kshs.788,304,840 out of which Kshs.108,718,626 relates to purchase of specialized material and supplies as indicated in Note 3 to the financial statements. Included in the amount is medical supplies and drugs by Kenya Medical Supplies Authority during the year, totalling Kshs.72,857,500. Additionally, the following internal controls weakness were noted:-

##### 2.1. Weaknesses in the Stores Management

There were significant weaknesses in the management of drugs in hospital stores as evidenced by the audit of Vihiga County Level 4 Referral Hospital as a sample to evaluate the efficiency of drug management. KEMSA records show that the Hospital received supplies worth Kshs.19,092,261 during the audit year. The Hospital uses an Information Management System called CHIS to manage pharmacy records, including the receipt and dispatch of drugs, no annual reports generated from the CHIS system were provided to verify the supplies received from KEMSA during the year.

##### 2.2. Expired Medical Drugs

The inspection of stores records revealed a high number of expired medical drugs. However, the records were maintained manually without indicating the costs, making it

impossible to determine the value of the expired drugs during the year. Attempts to retrieve this information from the CHIS system were unsuccessful.

This is in contravention of Section 19(1) of KEMSA Act 2015, states that in discharging its functions under this Act the Authority shall put into place measures to ensure maximum efficiencies; a steady supply of drugs and medical supplies to public health facilities; and ensure timely distribution of drugs and medical supplies to health facilities.

In the circumstances, the inefficiencies in the management of pharmaceutical and non-pharmaceutical drugs may result in mismanagement of medical supplies, which could lead to a loss of public funds.

### **3. Dormant Bank Account**

The statement of assets and liabilities and as indicated in Note 8 to the financial statements reflects cash and cash equivalents balance of Kshs.452,796,023. Review of the bank reconciliation statements, revealed that the County had nine bank accounts that were dormant and had no operations for more than one year. The existence of such bank accounts was not justified.

In the circumstances, the existence of dormant accounts increases the possibility of misuse.

### **4. Weakness in IT Internal Controls System**

The County Government has not established an IT Continuity and Disaster Recovery Plans. Without the recovery plan, the County is exposed to loss of data and business disruptions. Management explained that the IT and Disaster Recovery Plan is still in draft form currently being reviewed by the legal department for review before approval.

In the circumstances, the delay in finalizing and approving the IT Continuity and Disaster Recovery Plan may be attributed to prolonged review processes or lack of prioritization by the relevant departments.

### **5. Lack of Fully Operational Audit Committee**

Review of the Audit Committee records revealed the appointment and approval of the Audit Committee was done on 11 April, 2023. Examination of Audit Committee records show that the Committee held meeting twice during the year as evidenced by the minutes dated 18 January, 2024 and 16 May, 2024. This was contrary to Regulation 179(1) of the Public Finance Management Regulations which states that the Audit Committee shall meet at least once in every three (3) months. Further, the Audit Committee minutes provided for audit were not signed by the chairperson and the secretary and internal audit charter was not approved casting doubt on their authenticity.

In the circumstances, the Audit Committee did not achieve its mandate of ensuring that external audit recommendations are fully addressed, quality of internal audit reports are of an appropriate standard and that line management has full regard to internal audit recommendations

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal controls, risk Management and overall governance were operating effectively in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

### **Responsibilities of the Management and those Charged with Governance**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Cash Basis) and for maintaining effective internal controls as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal controls, risk management and governance.

In preparing the financial statements, Management is responsible for assessing the County Executive's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management is aware of the intention to cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements comply with the authorities which govern them and that public resources are applied in an effective way.

Those charged with governance are responsible for overseeing the County Executives financial reporting process, reviewing the effectiveness of how Management monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

### **Auditor-General's Responsibilities for the Audit**

My responsibility is to conduct an audit of the financial statements in accordance with Article 229(4) of the Constitution, Section 35 of the Public Audit Act, 2015 and the International Standards of Supreme Audit Institutions (ISSAIs). The standards require that, in conducting the audit, I obtain reasonable assurance about whether the financial statements as a whole are free from material misstatements, whether due to fraud or error and to issue an auditor's report that includes my opinion in accordance with Section 48 of the Public Audit Act, 2015. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with IFPP will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are

considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In conducting the audit, Article 229(6) of the Constitution also requires that I express a conclusion on whether or not in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way. In addition, I consider the entity's control environment in order to give an assurance on the effectiveness of internal controls, risk management and governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015.

Further, I am required to submit the audit report in accordance with Article 229(7) of the Constitution.

Detailed description of my responsibilities for the audit is located at the Office of the Auditor-General's website at: <https://www.oagkenya.go.ke/auditor-general-responsibilities-for-audit/>. This description forms part of my auditor's report.

County Government of Vihiga  
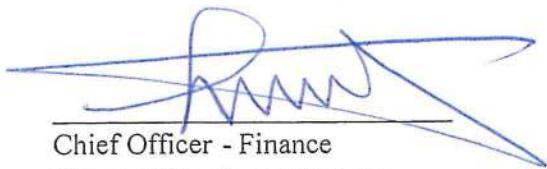

Vihiga County Executive  
Annual Report and Financial Statements for the year ended June 30 2024

---

Notes:

- The underutilization on the exchequer releases was as a result of not realizing the equitable shares for the month of June, 2024.
- The over expenditure on transfer to other government units and social security benefits were occasioned by under budgeting and were funded by the funds brought forward from the previous year.
- The underutilization of funds on other grants and transfers and acquisition of assets were as a result of late disbursement of funds by National Treasury which were disbursed towards the closure of Financial Year 2022.2023 failure to receive the equitable share for the month of June 2024.

The County Executive's financial statements were approved on 11<sup>th</sup> November, 2024 and signed by:

### **13. Significant Accounting Policies**

The key accounting policies adopted in the preparation of these financial statements are set out below:

#### **a) Statement of compliance and basis of preparation**

The financial statements have been prepared in accordance with Cash-basis IPSAS financial reporting under the cash basis of accounting, as prescribed by the PSASB and set out in the accounting policy notes below. This cash basis of accounting has been supplemented with accounting for; a) receivables that include imprests and salary advances and b) payables that include deposits and retentions. The receivables and payables are disclosed in the Statement of Assets and Liabilities. The financial statements are presented in Kenya Shillings, which is the functional and reporting currency of the County Executive all values are rounded to the nearest Kenya Shilling. The accounting policies adopted have been consistently applied to all the years presented. The financial statements comply with and conform to the form of presentation prescribed by the PSASB.

#### **b) Reporting entity**

The financial statements are for the Vihiga County Executive. The financial statements encompass the reporting entity as specified under section 164 of the PFM Act 2012.

#### **c) Recognition of receipts and payments**

##### **i) Recognition of receipts**

The County Executive recognises all receipts from the various sources when the event occurs, and the related cash has been received by the Executive.

##### **ii) Transfers from the County Revenue Fund (CRF)**

Transfer from CRF is recognized in the books of accounts when cash is received. Cash is considered as received when payment instruction is issued to the bank and a notification received by the entity.

##### **iii) Proceeds from sale of assets**

Proceeds from the sale of assets are recognised in the statement of receipts and payments when the related monies from the sale are received by the entity.

**d) Recognition of payments**

The County Executive recognises all expenses when the event occurs, and the related cash has been paid out.

**i) Compensation of employees**

Salaries and Wages, Allowances, and statutory contributions for employees are recognized in the period when the compensation is paid.

**ii) Use of goods and services**

Goods and services are recognized as payments in the period when the goods/services are consumed and paid for. Such expenses, if not paid during the period where goods/services are consumed, shall be disclosed as pending bills.

**iii) Interest on borrowing**

Borrowing costs that include interest are recognized as payment in the period in which they incurred and paid for.

**iv) Repayment of borrowing (principal amount)**

The repayment of principal amount of borrowing is recognized as payment in the period in which the repayment is made.

**v) Acquisition of fixed assets**

The payment on acquisition of property plant and equipment items is not capitalized. The cost of acquisition and proceeds from disposal of these items are treated as payments and receipts items respectively. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration and the fair value of the asset can be reliably established, a contra transaction is recorded as receipt and as a payment. A fixed asset register is maintained by each public entity and a summary provided for purposes of consolidation. This summary is disclosed as an annexure to the consolidated financial statements.

**Significant Accounting Policies (Continued)**

**e) In-kind contributions**

In-kind contributions are donations that are made to the County Executive in the form of actual goods and/or services rather than in money or cash terms. These donations may include vehicles, equipment or personnel services. Where the financial value received for in-kind contributions can be reliably determined, the County Executive includes such value in the statement of receipts and payments both as receipts and as expense in equal and opposite amounts; otherwise, the contribution is not recorded.

**f) Third Party Payments**

This relates to payments done directly to supplier on behalf of the county Executive such as; national government may fund the operation of health or education program; a donor may pay directly for construction of a given market. Details of payments by third parties on behalf of the County Executive are detailed in the notes to these financial statements.

**g) Cash and cash equivalents**

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year.

**Restriction on cash**

Restricted cash represents amounts that are limited /restricted from being used to settle a liability for at least twelve months after the reporting period. This cash is limited for direct use as required by stipulation. Amounts maintained in deposit bank accounts are restricted for use in refunding third party deposits. As at 30<sup>th</sup> June 2024, this amounted to KShs 137,178,349 compared to KShs 124,232,293 in prior period as indicated on note 10.

### **Significant Accounting Policies (Continued)**

#### **h) Imprests and Advances**

For the purposes of these financial statements, imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year are treated as receivables. This is in recognition of the government practice where the imprest payments are recognized as payments when fully accounted for by the imprest or AIE holders. This is an enhancement to the cash accounting policy. Other accounts receivables are disclosed in the financial statements.

#### **i) Third Party Deposits and Retention**

For the purposes of these financial statements, deposits and retentions held on behalf of third parties have been recognized as accounts payables. This is in recognition of the government practice of retaining a portion of contracted services and works pending fulfilment of obligations by the contractor and to hold deposits on behalf of third parties. This is an enhancement to the cash accounting policy adopted and prescribed by the Public Sector Accounting Standards Board. Other liabilities including pending bills are disclosed in the financial statements.

#### **j) Non-current assets**

Non-current assets are expensed at the time of acquisition while disposal proceeds are recognized as receipts at the time of disposal. However, the acquisitions and disposals are reflected in the County Executive's fixed asset register a summary of which is provided as a memorandum to these financial statements.

#### **k) Pending bills**

Pending bills consist of unpaid liabilities at the end of the financial year arising from contracted goods or services during the year or in past years. As pending bills do not involve the payment of cash in the reporting period, they are recorded as 'memorandum' or 'off-balance' items to provide a sense of the overall net cash position of the County Executive at the end of the year. Pending bills form a first charge to the subsequent year budget and when they are finally settled, such payments are included in the statement of receipts and payments in the year in which the payments are made.

**Significant Accounting Policies (Continued)**

**I) Contingent Liabilities**

A contingent liability is:

- a) A possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity; or
- b) A present obligation that arises from past events but is not recognised because:
  - i) It is not probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation; or
  - ii) The amount of the obligation cannot be measured with sufficient reliability.

Some of contingent liabilities may arise from: litigation in progress, guarantees, indemnities, Letters of comfort/ support, insurance, Public Private Partnerships.

The County Executive does not recognize a contingent liability but discloses details of any contingencies in the notes to the financial statements unless the possibility of an outflow of resources embodying economic benefits or service potential is remote.

**m) Contingent Assets**

The County Executive does not recognize a contingent asset but discloses details of a possible asset whose existence is contingent on the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the County Executive in the notes to the financial statements.

Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits or service potential will arise and the asset's value can be measured reliably, the asset and the related revenue are recognized in the financial statements of the period in which the change occurs.

**Significant Accounting Policies (Continued)**

**n) Budget**

The budget is developed on the same accounting basis (cash basis), the same accounts classification basis, and for the same period as the financial statements. The County Executive's budget was approved as required by Law and as detailed in the County Revenue Allocation Act. The original budget was approved by the County Assembly on 30<sup>th</sup> June, 2023 for the period 1<sup>st</sup> July 2023 to 30 June 2024 as required by law. There were two (2) number of supplementary budgets passed in the year. A high-level assessment of the County Executive's actual performance against the comparable budget for the financial year under review has been included in an annex to these financial statements.

**o) Comparative figures**

Where necessary comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

**p) Subsequent events**

Events subsequent to submission of the financial year end financial statements to the National Treasury and other stakeholders with a significant impact on the financial statements may be adjusted with the concurrence of National Treasury.

**q) Prior Period Adjustment**

During the year, errors that have been corrected are disclosed under note 13 explaining the nature and amounts.

**r) Related Party Transactions**

Related party means parties are related if one party has the ability to:

- a) Control the other party or
- b) Exercise significant influence over the other party in making financial and operational decisions, or if the related party entity and another entity are subject to common control.

**County Government of Vihiga**

**Vihiga County Executive**

**Annual Report and Financial Statements for the year ended June 30 2024**

---

Relates party transaction is a transfer of resources of obligations between related parties regardless of whether a price is charged.

**15. Progress On Follow Up On Prior Year Auditor's Recommendations**

The following is the summary of some of the issues raised by the external auditor, and management comments that were provided to the auditor.

Reference No. on the external audit Report	Issue / Observations from Auditor	Management comments	Status: (Resolved / Not Resolved)	Timeframe: (Put a date when you expect the issue to be resolved)
1.1	Unauthorised Reallocation and Irregular Charge of Expenditure	These expenditures were charged under item code 2200000 (Use of Goods and Services) whose sub-heads are interrelated. The management will make necessary adjustments in the subsequent year budgets to ensure that adequate funds are allocated to specific vote heads to cater the expenditures. However, the expenditure of kshs.3,069,800 was correctly charged under refine fuels, lubricants, and other fuels since it was for diesel generators standby	Not Resolved	
1.2	Failure to Meet Insurance Contractual Obligations	At the end of financial year under review, the management had processed these payments but due to late release of funds by National Treasury, it was voided as required by the regulations. However, the management had an agreement with the Insurance Company to continue offering the services despite the delays in payment. Nevertheless, the full amount has now been settled	Resolved	
1.3	Domestic Travel and Subsistence Allowances	The amounts reported in the financial statement under domestic travel and subsistence allowances of kshs. 238,648,657 was the correct figure as was supported by the schedules presented to the Auditor. The	Resolved

		schedules are available for your review		
1.4	Misclassified and Unsupported Other Operating Expenses	These expenditures were charged under item code 2200000 (Use of Goods and Services) which has various interrelated sub-heads. The management will make necessary adjustments in the subsequent year budgets to ensure that expenditure are charged on relevant sub vote head.		
1.5	Unexplained expenditure on Refined Fuels, Lubricants and Other Fuels	<p>The expenditure incurred in firewood and charcoal was for the whole financial year and was supplied to various health facilities across the county. Please, note that in VCRH the consumption of fuel (firewood and charcoal) is high because of the number of inpatients in the facilities. Therefore, an amount of kshs. 2,424,000 incurred in the financial year were reasonable.</p> <p>The department of Public Service and administration procured fuel worthy kshs. 3,000,000 from M/S Hass Petroleum Limited, however it was later determined that additional supplies for fuel was required. Consequently, an order of kshs. 300,000 were raised to the same supplier pursuant to section 103 (d-e) of the Public Procurement and Asset Disposal Act, 2015.</p>	Resolved	
2.1	Basic Wages of Temporary Employees	Due process was followed by the county public service board in recruiting additional 735 temporary employees. The budget for the same was also approved by the county assembly under	Resolved

Reference No. on the external audit Report	Issue / Observations from Auditor	Management comments	Status: (Resolved / Not Resolved)	Timeframe: (Put a date when you expect the issue to be resolved)
		compensation of employees vote head 2100000		
2.2	Payment of Kenya Revenue Authority PAYE Arrears	The figures highlighted by the Auditor arose from the agency notices that were issued by Kenya Revenue Authority to the County Government of Vihiga. The management didn't anticipate the KRA demand in the year under review and hence did not capture the amounts under the normal pending bills reported though this was budgeted for through supplementary estimates. The management is closely working with the KRA officials to ensure reconciliations of all accounts in order to minimize the penalties.	Resolved	
3.1	Irregular Funding of Amatsi Water and Sanitation Company	The county handed over projects which were being run by the county and communities to be professionally run by Amasti Water Company and the county is charged with the responsibility of supporting the WSP on assert development and upgrading to realize efficient water service delivery to the citizens of Vihiga. The above Expenditure was incurred to rehabilitate the schemes which the county handed over to Amasti Water Sewerage Services Company	Resolved	
3.2	Irregular Payment for Construction	The management did not realize the underpayment

	of ECD Classroom	until it was discovered by the contractor in later dates and request for payment received. The management investigated the issue and was satisfied, hence made this payment based on the available documents in file. The documents supporting the underpayments are available for your review		
1	Budgetary Control and Performance	The underfunding to the County Executive was occasioned by late exchequer release by National Treasury and sometimes delays in approval by the office of Controller of Budget. The reasons for over/under expenditure as required by the Public Sector Accounting Standards Board were oversight by the management, and this was addressed in the subsequent financial year. However, reasons in respect to compensation of employees were as a result of agency notices issued by the KRA to the county government, promotions of workers in the department of health and recruitment of temporary employees.	Not Resolved

2	Late and Undisbursed Exchequer Releases	The management fully concurs with the auditor's recommendations and is looking forward to National Treasury for a timely disbursement of funds to counties. This will enable the county government to render the services to the residents of Vihiga which will in turn minimize the trade payables.	Not Resolved	
1	Delay in Construction of Governor's and Deputy Governor's Residences	The contract extension request was granted by the management, and the extension letter is hereby attached for audit verification. The management is on the final stage of completing construction works of the Governor and deputy governor's official residence. In regard to the ceiling put by the Salary and Remuneration Commission on the Governor and deputy Governor's residence, the management entered into the agreement before the circular limiting the amount at kshs. 80,000,000 for Governor and deputy governor's residence came into effect.
